
Digital Signal Processing Applications

EE482 Spring 2014

<http://www.egr.unlv.edu/~b1morris/>

Professor:	Brendan Morris	Class:	TuTh 14:30 - 15:45, CBC C222
E-mail:	brendan.morris@unlv.edu	Office Hours:	MTuWTh 16:00-17:00
Office:	SEB 3216	Final:	Th May 15, 15:10-17:10
Phone:	702-774-1480		

Textbook

Real-Time Digital Signal Processing: Fundamentals, Implementations, and Applications, 3rd Edition, Kuo, Lee, Tian ISBN: 978-1-118-41432-3

Recommended Text

The Scientist and Engineer's Guide to Digital Signal Processing, Smith ISBN: 978-0966017632
Digital Image Processing, 3rd Edition, Gonzalez and Woods ISBN: 978031687288

Grading

Final:	20%	05/15 15:10
Quizzes (5):	25%	TBD
Project:	25%	Due 05/08
Homework:	30%	Bi-Weekly

Students may study together in groups but all assignments must be completed individually. Homework will be due in class on the designated date. No late homework will be accepted unless prior notification and arrangements are made.

The course will have a term project. You will be required to submit a project report in the form of a conference styled manuscript and make a presentation.

Catalog Description

Application of signals and systems theory. Topics may include audio and speech signal processing, image processing, multi-spectral imaging, biomedical signals, and active sensing technologies such as Radar and Lidar.

Prerequisites: EE 361

Topics

- Review of DSP Fundamentals
- Design and Implementation of FIR and IIR Filters
- Frequency Domain Analysis of Signals
 - Discrete Fourier Transform (DFT)
 - Fast Fourier Transform (FFT)
 - Spectral Analysis and Power Spectral Density
- Speech Signal Processing
 - Speech Coding Techniques
 - Speech Enhancement
- Audio Signal Processing
 - Audio Coding

- Audio Equalizers
 - Audio Effects
- Digital Image Processing
 - 2D-Signals, Systems. and Representation
 - Histograms
 - Image Filtering
- Radar/Lidar Processing
 - Object Detection and Ranging
 - Kalman Tracking

Course Outcomes

Upon completion of this course, students will be able to:

- Design a digital filters to meet specifications
- Represent a finite length sequence by its DFT and compute the FFT
- Digitally encode, decode, and enhance speech signals
- Digitally encode/decode audio signals and perform processing for audio effects
- Digitally represent an image and perform basic image processing
- Understand Radar/Lidar signals and track objects

Course Policies

- There will be no make-up exams or late homework without prior arrangements.
- Extensions will only be granted for medical emergencies or due to the observance of a religious holiday. The instructor must be notified of the absence prior to the last day of late registration.
- As a university student it is your responsibility to conduct yourself ethically and with integrity as described in the Academic Misconduct Policy. Cheating and plagiarism will not be tolerated. Any student caught cheating will be given an F grade.
(<http://studentconduct.unlv.edu/misconduct/policy.html>)

University Policies

Academic Misconduct – Academic integrity is a legitimate concern for every member of the campus community; all share in upholding the fundamental values of honesty, trust, respect, fairness, responsibility and professionalism. By choosing to join the UNLV community, students accept the expectations of the Academic Misconduct Policy and are encouraged when faced with choices to always take the ethical path. Students enrolling in UNLV assume the obligation to conduct themselves in a manner compatible with UNLV's function as an educational institution.

An example of academic misconduct is plagiarism. Plagiarism is using the words or ideas of another, from the Internet or any source, without proper citation of the sources. See the *Student Academic Misconduct Policy* (approved December 9, 2005) located at: <http://studentconduct.unlv.edu/misconduct/policy.html>.

Copyright - The University requires all members of the University Community to familiarize themselves and to follow copyright and fair use requirements. **You are individually and solely responsible for violations of copyright and fair use laws.** The university will neither protect nor defend you nor assume any responsibility for employee or student violations of fair use laws. Violations of copyright laws could subject you to federal and state civil penalties and criminal liability, as well as disciplinary action under University policies. Additional information can be found at: <http://provost.unlv.edu/copyright/statements.html>.

Disability Resource Center (DRC) - The UNLV Disability Resource Center (SSC-A 143, <http://drc.unlv.edu/>, 702-895-0866) provides resources for students with disabilities. If you feel that you have a disability, please make an appointment with a Disabilities Specialist at the DRC to discuss what options may be available to you.

If you are registered with the UNLV Disability Resource Center, bring your Academic Accommodation Plan from the DRC to me during office hours so that we may work together to develop strategies for implementing the accommodations to meet both your needs and the requirements of the course. Any information you provide is private and will be treated as such. To maintain the confidentiality of your request, please do not approach me before or after class to discuss your accommodation needs.

Religious Holidays Policy - Any student missing class quizzes, examinations, or any other class or lab work because of observance of religious holidays shall be given an opportunity during that semester to make up missed work. The make-up will apply to the religious holiday absence only. It shall be the responsibility of the student to notify the instructor no later than the end of the first two weeks of classes, February 1, 2013, of his or her intention to participate in religious holidays which do not fall on state holidays or periods of class recess. This policy shall not apply in the event that administering the test or examination at an alternate time would impose an undue hardship on the instructor or the university that could not reasonably be avoided. For additional information, please visit: <http://catalog.unlv.edu/content.php?catoid=4&navoid=164>.

Incomplete Grades – The grade of I - Incomplete - can be granted when a student has satisfactorily completed all course work up to the withdrawal date of that semester/session but for reason(s) beyond the student's control, and acceptable to the instructor, cannot complete the last part of the course, and the instructor believes that the student can finish the course without repeating it. A student who receives an I is responsible for making up whatever work was lacking at the end of the

semester. If course requirements are not completed within the time indicated, a grade of F will be recorded and the GPA will be adjusted accordingly. Students who are fulfilling an Incomplete do not register for the course but make individual arrangements with the instructor who assigned the I grade.

Tutoring - The Academic Success Center (ASC) provides tutoring and academic assistance for all UNLV students taking UNLV courses. Students are encouraged to stop by the ASC to learn more about subjects offered, tutoring times and other academic resources. The ASC is located across from the Student Services Complex (SSC). Students may learn more about tutoring services by calling (702) 895-3177 or visiting the tutoring web site at: <http://academicsuccess.unlv.edu/tutoring/>.

UNLV Writing Center - One-on-one or small group assistance with writing is available free of charge to UNLV students at the Writing Center, located in CDC-3-301. Although walk-in consultations are sometimes available, students with appointments will receive priority assistance. Appointments may be made in person or by calling 895-3908. The students Rebel ID Card, a copy of the assignment (if possible), and two copies of any writing to be reviewed are requested for the consultation. More information can be found at: <http://writingcenter.unlv.edu/>

Rebelmail - By policy, faculty and staff should e-mail students Rebelmail accounts only. Rebelmail is UNLV's official e-mail system for students. It is one of the primary ways students receive official university communication such as information about deadlines, major campus events, and announcements. All UNLV students receive a Rebelmail account after they have been admitted to the university. Students e-mail prefixes are listed on class rosters. The suffix is always @unlv.nevada.edu.

Final Examinations - The University requires that final exams given at the end of a course occur at the time and on the day specified in the final exam schedule. See the schedule at: <http://www.unlv.edu/registrar/calendars>
